

WARNING - CONCRETE VIBRATOR

Any piece of equipment can be dangerous if not operated properly. **YOU** are responsible for the safe operation of this equipment. The operator must carefully read and follow any warnings, safety signs and instructions provided with or located on the equipment. Do not remove, defeat, deface or render inoperable any of the safety devices or warnings on this equipment. If any safety devices or warnings have been removed, defeated, defaced or rendered inoperable, **DO NOT USE THIS EQUIPMENT!!!**

⚠️WARNING: Operating, servicing and maintaining this equipment can expose you to chemicals including Chromium (Hexavalent Compounds) & Chromium 6 (Chromium VI) from concrete which are known to the State of California to cause cancer and birth defects or other reproductive harm. To minimize your exposure, avoid breathing dust. For more information go to www.P65warnings.ca.gov

This 120-volt equipment may require a grounded outlet, do not modify plug.

NEVER submerge the motor in the concrete or other liquid it will create an electrical hazard and damage the motor. The Equipment Protection Plan does not cover damage caused by submersion.

IMPORTANT SAFETY RULES TO FOLLOW

1. Before each use, check the electrical cord and plug for damage such as cuts, abrasions, and severe twisting which could cause electric shock.
2. Do not use if cord is damaged or frayed.
3. Check all connections for tightness.
4. During operation, the air inlets and outlets should always be open and the flow of air to motor should not be restricted.
5. Always wear rubber, insulated gloves and protective boots or shoes when operating. Safety glasses should be worn at all times.
6. Always carry the vibrator by grasping the motor. Never pull or drag the unit by the shaft, head, or electrical cord.
7. Caution should be used when handling equipment around water or when working in damp environments.
8. Do not run the vibrator when not in wet concrete, the vibrator head will overheat. The vibrator should be kept moving, in an up and down motion.
9. Do not allow children to play with a concrete vibrator.

If the person receiving this handout will not be the user of the equipment, forward these instructions to the operator. If there is any doubt as to the operation or safety of the equipment, **DO NOT USE!!! CALL A TOOL SHED IMMEDIATELY!!!FAILURE TO FOLLOW THESE INSTRUCTIONS COULD RESULT IN INJURY OR DEATH**
