

WARNING CARPET STAIR TOOL

Any piece of equipment can be dangerous if not operated properly. **YOU** are responsible for the safe operation of this equipment. The operator must carefully read and follow any warnings, safety signs and instructions provided with or located on the equipment. Do not remove, defeat, deface or render inoperable any of the safety devices or warnings on this equipment. If any safety devices or warnings have been removed, defeated, defaced, or rendered inoperable, **DO NOT USE THIS EQUIPMENT!!!**

⚠ WARNING: This product can expose you to chemicals including Chromium from steel products, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65warnings.ca.gov

Always wear proper personal protective equipment, including gloves and eye protection whenever using this equipment!

Never operate tools of any kind if you are tired or if you are under the influence of alcohol, drugs, medication, or any substance that could affect your ability or judgment. Be alert! If you get tired while operating this equipment, take a break. Tiredness may result in loss of control.

Stair tools are used with a mallet to tuck carpet into the corner of stair treads, as well as to tuck carpet at the wall between the base board and the tackless strip. This tool is a full four inches wide to tuck more carpet each time it is malleted. The soft cushion grip absorbs vibration and is textured for good grip. The outer edges are angled back, forming an offset that protects walls, and permits the corner of the tool to get all the way into an inside corner area for tucking. Smooth tapered blade will not snag or cut the carpet.

If the person receiving this handout will not be the user of the equipment, forward these instructions to the operator. If there is any doubt as to the operation or safety of the equipment, **DO NOT USE!!! CALL A TOOL SHED IMMEDIATELY!!! FAILURE TO FOLLOW THESE INSTRUCTIONS COULD RESULT IN INJURY OR DEATH**
