

WARNING DEHUMIDIFIER

Any piece of equipment can be dangerous if not operated properly. **YOU** are responsible for the safe operation of this equipment. The operator must carefully read and follow any warnings, safety signs and instructions provided with or located on the equipment. Do not remove, defeat, deface or render inoperable any of the safety devices or warnings on this equipment. If any safety devices or warnings have been removed, defeated, defaced or rendered inoperable,

DO NOT USE THIS EQUIPMENT!!!

Attention: Keep Unit Upright at All Times

IMPORTANT SAFETY RULES TO FOLLOW

1. Keep the dehumidifier grounded. Do not alter the three pronged grounding plug for any reason.
2. Protect the power cord from damage. Do not use if the cord is frayed. Do not close a door on the cord. Keep the cord away from heated surfaces and out of standing water.
3. Keep out of water. Do not operate or store the dehumidifier outdoors or expose to rain or water.
4. If using an open bucket to catch water from the dehumidifier, the container must be labeled with a warning to help prevent children from drowning.
5. If using multiple units, do not position them in such a way that one unit blows directly at another.
6. Avoid putting the dehumidifier on or over hardwood floors. Unexpected spillage from the unit could cause damage to the floor.
7. Do not operate the dehumidifier at ambient condition above 100f (38c).
8. If the unit is switched off during use, wait 5 minutes before restarting. Attempting to restart the unit sooner may cause damage to the compressor

If the person receiving this handout will not be the user of the equipment, forward these instructions to the operator. If there is any doubt as to the operation or safety of the equipment,

DO NOT USE!!! CALL A TOOL SHED IMMEDIATELY!!!

FAILURE TO FOLLOW THESE INSTRUCTIONS COULD RESULT IN INJURY OR DEATH
