

WARNING

36" PROPELLER FAN

Any piece of equipment can be dangerous if not operated properly. **YOU** are responsible for the safe operation of this equipment. The operator must carefully read and follow any warnings, safety signs and instructions provided with or located on the equipment. Do not remove, defeat, deface or render inoperable any of the safety devices or warnings on this equipment. If any safety devices or warnings have been removed, defeated, defaced or rendered inoperable, **DO NOT USE THIS EQUIPMENT!!!**

This 120-volt equipment requires a grounded outlet, do not modify plug.

IMPORTANT SAFETY RULES TO FOLLOW

1. Always turn the fan off and unplug immediately after using and before cleaning.
2. Always turn this fan off before inserting or removing the plug from the wall outlet.
3. To protect against electrical hazards, do not place in water or other liquids. Do not allow fan to become wet or damp. Do not place fan where it may fall into water.
4. Do not leave fan on when unattended.
5. Do not operate the fan with a damaged or frayed cord or plug.
6. Place fan on flat, level surface to avoid tipping.
7. Avoid contacting any moving parts.
8. Never drop or insert any foreign object into any opening.
9. Do not obstruct airflow.
10. Do not place hands inside of wire guard at any time.
11. Do not attempt to relocate fan when the unit is plugged in.
12. Keep away from combustible gas. This could cause a danger of fire or explosion.
13. Avoid gaseous area. Do not operate machine in explosive atmospheres in presence of flammable liquids or gases. This motor creates sparks, which could ignite fumes.

If the person receiving this handout will not be the user of the equipment, forward these instructions to the operator. **IF** there is any doubt as to the operation or safety of the equipment,

DO NOT USE!!! CALL A TOOL SHED IMMEDIATELY!!!

FAILURE TO FOLLOW THESE INSTRUCTIONS COULD RESULT IN INJURY OR DEATH
