

WARNING LEAF VACUUM

Any piece of equipment can be dangerous if not operated properly. **YOU** are responsible for the safe operation of this equipment. The operator must carefully read and follow any warnings, safety signs and instructions provided with or located on the equipment. Do not remove, defeat, deface or render inoperable any of the safety devices or warnings on this equipment. If any safety devices or warnings have been removed, defeated, defaced, or rendered inoperable, **DO NOT USE THIS EQUIPMENT!!!**

⚠️WARNING: Operating, servicing and maintaining this equipment can expose you to chemicals including engine exhaust, carbon monoxide and lead, which are known to the State of California to cause cancer and birth defects or other reproductive harm. To minimize your exposure, avoid breathing exhaust, do not idle the engine except as necessary, operate and service your equipment in a well-ventilated area and wear gloves or wash your hands frequently when servicing your equipment. For more information go to www.P65warnings.ca.gov

Use extreme caution whenever operating, moving, loading, or unloading this equipment. During & after operation the Muffler & other components are Extremely Hot & will cause Serious Burns.

Never operate power equipment of any kind if you are tired or if you are under the influence of alcohol, drugs, medication, or any substance that could affect your ability or judgment. Be alert! If you get tired while operating this equipment, take a break. Tiredness may result in loss of control.

Provide adequate ventilation when operating this equipment. Internal combustion engines consume oxygen and give off deadly carbon monoxide gas.

Always operate this equipment from the designated operator's position. Wear Safety Glasses, Hearing & Dust Protection.

IMPORTANT SAFETY RULES TO FOLLOW

1. Do not refuel while engine is hot or running.
2. Do not start the engine or operate with bag or guards removed.
3. Keep hands and feet clear of inlet and discharge openings.
4. Do not operate if the bag is removed.
5. Inspect machine and work area before starting the vacuum.
6. Be sure the zipper is closed on the bag before starting the engine.
7. Do not use this leaf vacuum to vacuum liquids or hazardous materials. It is only intended for small debris in yards.

The person receiving this handout will not be the user of the equipment, forward these instructions to the operator. **If there is any doubt as to the operation or safety of the equipment, DO NOT USE!!! CALL A TOOL SHED IMMEDIATELY!!! FAILURE TO FOLLOW THESE INSTRUCTIONS COULD RESULT IN INJURY OR DEATH**
