

# **WARNING**

## **PARKING LOT BLOWERS**

Any piece of equipment can be dangerous if not operated properly. **YOU** are responsible for the safe operation of this equipment. The operator must carefully read and follow any warnings, safety signs and instructions provided with or located on the equipment. Do not remove, defeat, deface or render inoperable any of the safety devices or warnings on this equipment. If any safety devices or warnings have been removed, defeated, defaced or rendered inoperable, **DO NOT USE THIS EQUIPMENT!!**

### **PARKING LOT BLOWER REQUIRES UNLEADED GASOLINE**

**WARNING!** This product contains or produces one or more chemicals known to the State of California to cause cancer, birth defects or other reproductive harm.

Use extreme caution whenever operating, moving, loading or unloading this equipment. During and after operation the Muffler and other components are Extremely Hot and will cause Serious Burns.

Never operate power equipment of any kind if you are tired or if you are under the influence of alcohol, drugs, medication or any substance that could affect your ability or judgment. Be alert! If you get tired while operating this equipment, take a break. Tiredness may result in loss of control.

Provide adequate ventilation when operating this equipment. Internal combustion engines consume oxygen and give off deadly carbon monoxide gas.

**DANGER: Keep hands, feet and all other body parts clear of discharge at all times.**

Do not tape down or otherwise by-pass any safety devices! Always operate this equipment from the designated operators position.

### **IMPORTANT SAFETY RULES TO FOLLOW**

1. Always wear proper clothing while operating. Avoid loose fitting clothing and shorts. When blowing in dusty conditions, always wear a dust mask. Protect your eyes and ears by wearing safety glasses and ear plugs.
2. Do not refuel engine while machine is running. Always stop engine and allow it to cool. Do not run or refuel indoors. Failure to follow these instructions could result in fire.
3. Avoid touching hot parts of the engine such as the muffler. Hot muffler can cause serious burns.
4. Only operate in daylight hours with good visibility.
5. Never point or face blower at people. High pressure of airflow could injure eyes and could blow small objects at great speed.
6. To avoid fire or explosion, do not blow hot or burning substances such as ashes, cigarettes or combustible materials.

If the person receiving this handout will not be the user of the equipment, forward these instructions to the operator. If there is any doubt as to the operation or safety of the equipment,

**DO NOT USE!!! CALL A TOOL SHED IMMEDIATELY!!!**

**FAILURE TO FOLLOW THESE INSTRUCTIONS COULD RESULT IN INJURY OR DEATH**
