

WARNING

PORTABLE LIGHT STANDS

Any piece of equipment can be dangerous if not operated properly. **YOU** are responsible for the safe operation of this equipment. The operator must carefully read and follow any warnings, safety signs and instructions provided with or located on the equipment. Do not remove, defeat, deface or render inoperable any of the safety devices or warnings on this equipment. If any safety devices or warnings have been removed, defeated, defaced or rendered inoperable, **DO NOT USE THIS EQUIPMENT!!!**

WARNING: This equipment gets Extremely Hot during operation; allow it to cool before moving or handling.

IMPORTANT SAFETY RULES TO FOLLOW

Visually inspect the light for frayed cords or cracked lenses and/or bulbs before using.

Plug into three wire grounded outlet only! 120 volts 60Hz., A.C. only. Do not modify plug.

For maximum light output fixture should be aimed at 5-10 degrees below horizontal as high as permissible for safe operation.

Do not scratch glass bulb or subject lamp to undue pressure as either may cause lamp to break. If this lamp breaks or is punctured **IMMEDIATELY** turn off power to avoid risk of injury from ultraviolet radiation and call A Tool Shed immediately.

Allow 15 minutes for the lamp to cool before re-starting.

This is a high intensity discharge lamp. Allow lamp to warm up several minutes after starting for full brightness.

Do not attempt to service the ballast or the light when the unit is plugged in.

If a problem develops in the operation of this light immediately disconnect it. Check for correct voltage, remember to use alternating current. **Direct current can cause serious damage to the lamp and ballast.**

Do not allow mud, water, or other moisture to enter the ballast box as serious electrical shock may occur.

If the person receiving this handout will not be the user of the equipment, forward these instructions to the operator. **IF** there is any doubt as to the operation or safety of the equipment,

DO NOT USE!!! CALL A TOOL SHED IMMEDIATELY!!!

FAILURE TO FOLLOW THESE INSTRUCTIONS COULD RESULT IN INJURY OR DEATH
