

## **WARNING TIE DOWN CHAIN & CHAIN BINDER**

Any piece of equipment can be dangerous if not operated properly. **YOU** are responsible for the safe operation of this equipment. The operator must carefully read and follow any warnings, safety signs and instructions provided with or located on the equipment. Do not remove, defeat, deface or render inoperable any of the safety devices or warnings on this equipment. If any safety devices or warnings have been removed, defeated, defaced or rendered inoperable, **DO NOT USE THIS EQUIPMENT!!!**

 **WARNING:** This product can expose you to chemicals including Chromium from steel products, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to [www.P65warnings.ca.gov](http://www.P65warnings.ca.gov)

**DANGER:** This equipment has and creates multiple pinch points that can cause dismemberment or death. Keep hands, feet, and all other body parts clear at all times.

Always wear proper personal protective equipment, including gloves and eye protection whenever using this equipment!

This 5/16" chain and binder package is ideal for equipment securement.

The heavy-duty load binder utilizes a ratcheting action to tighten tie down chains. A ratchet-type binder is easier to adjust in finer increments without the danger of recoil or snap back effect of a lever binder. The forged steel handle offers maximum leverage, while the cam and pawl design allow for easier and faster securement. Stamped with the size, break strength, and working load limit on the handle.

The grade 70 carbon steel chain is equipped with clevis grab hooks on each end of the 10-foot length. Features a yellow zinc chromate finish for protection from the elements and for quick visual identification as grade 70 chain. Chain and hooks are embossed with grade 70 markings.

 **DANGER:** Never use this tie down chain to lift or suspend anything, this chain is NOT for overhead lifting. It is for equipment securement ONLY, do not use it for: lifting, lowering, or pulling anything. Inspect chain prior to each use, remove it from service if any imperfections are found, including but not limited to flat spots, scuffing, cracked welds, or elongation. These imperfections could cause catastrophic failure, resulting in injury or death, and loss of load.

This kit contains:

- (2) 5/16" - 3/8" Ratchet Chain Binders
- (4) 5/16" x 10' Transport Chains Grade 70

If the person receiving this handout will not be the user of the equipment, forward these instructions to the operator. If there is any doubt as to the operation or safety of the equipment, **DO NOT USE!!! CALL A TOOL SHED IMMEDIATELY!!! FAILURE TO FOLLOW THESE INSTRUCTIONS COULD RESULT IN INJURY OR DEATH**
