### **WARNING:**

Using Fork Extensions greatly reduces the forklifts capacity.

Improper or careless operation might result in serious personal injuries.

ONLY use fork extensions as a means for supporting palletized loads or skids.

Inspect both extensions before each use. DO NOT use a damaged fork extension.

DO NOT sit on or ride on the extensions.

Always make sure your load is pushed up against the carriage & backrest of the forklift.

***Never lift with the extensions tip.*** It will bend them.

Installing & removing Forklift Extensions creates multiple pinch points. Keep hands, feet & all other body parts clear at all times.

Always make sure the Extensions are firmly seated against the heel of the forks.

DO NOT modify either fork extension in any way.

Never use on Reach Style Forklifts.

Never hang anything from the Forks or Extensions; a Forklift is not a Crane.

If the person receiving this handout will not be the user of the equipment, forward these instructions to the operator. If there is any doubt as to the operation or safety of the equipment,

**DO NOT USE!!! CALL A TOOL SHED IMMEDIATELY!!!**

**FAILURE TO FOLLOW THESE INSTRUCTIONS COULD RESULT IN INJURY OR DEATH**
